Supersedes # Memorandum: 05-50 MAA

Subject: Kidney Center Services: Fee Schedule Changes

Effective for dates of service on and after July 1, 2006, the Health and Recovery Services Administration (HRSA) will implement:

- The updated Medicare Physician Fee Schedule Data Base (MPFSDB) Year 2006 relative value units (RVUs);
- The updated Medicare Clinical Laboratory Fee Schedule (MCLFS);
- The updated Medicare Average Sale Price (ASP) drug files; and
- A one percent (1%) vendor rate increase.

Maximum Allowable Fees

HRSA is updating the Kidney Center Services fee schedule with Year 2006 RVUs and clinical laboratory fees. The 2006 Washington State Legislature appropriated a one percent (1%) vendor rate increase for the 2007 state fiscal year. The maximum allowable fees have been adjusted to reflect these changes.

Visit HRSA's web site at <http://maa.dshs.wa.gov>. To view a current fee schedule, click **Provider Publications/Fee Schedules**, then **Accept**, then **Fee Schedules**.

Bill HRSA your usual and customary charge.

Injectable Drug Updates

HRSA updates, on a quarterly basis, the maximum allowable fees for drugs administered in a kidney center. **These quarterly drug updates are posted online only.** For current Injectable Drug Updates, visit HRSA on the web at: <http://maa.dshs.wa.gov>. Click **Provider Publications/Fee Schedules**, then **Accept**, then **Fee Schedules**; then under **Injection Drug Updates**, then click the file with the most current date.

National Correct Coding Initiative

HRSA continues to implement the National Correct Coding Initiative (NCCI) policy. The Centers for Medicare and Medicaid Services (CMS) created this policy to promote national correct coding methods. NCCI assists HRSA to control improper coding that may lead to inappropriate payment. HRSA bases coding policies on:

- The American Medical Association's (AMA) Current Procedural Terminology (CPT®) manual;
- National and local policies and edits;
- Coding guidelines developed by national professional societies;
- The analysis and review of standard medical and surgical practices; and
- Review of current coding practices.

HRSA may perform a post-pay review on any claim to ensure compliance with NCCI. Visit the NCCI on the web at <http://www.cms.hhs.gov/physicians/cciedits>.
